Make Blairmore A Stopping Point

It is high time for the Blakemore board of trade to revive their agitation with the C.P.R. their agriction with the corner for the installation of a stand-pipe and the making of Blair-more as a regular stopping point for the Soo-Spokane

point for the Soo-Spokane
"flyor."

As will be remembered, the

Cataling a perp.
Angiers have many superstitions, but robably the most curious is a recipe for catching carp, which was to the fifter that they could always be taken with a gold book and that if the gold was perfectly pure no balt would be

Rear Admirals.

The first nine rear admirals in United States nay receive each a ary of \$8,000 a year, the second \$0,000 and captains \$4,000.

Lightning in South Africa.
In South Africa, where thunderstrikes the beds of ironstone, and blue
dames, sometimes firing buildings, are
alleged to play about such ironstone
outcroppings two or three hours after
a storm.

Berlin.

Plate glass, Plisener and policemen are the three most striking features of Berlin, says a London paper, but the lighting of the streets is a good fourth.

Carrier Pigeons.

Carrier Pigeons
teal utility of carrier pigeons was
forcibly demonstrated, the result being
that the adentities breeding of the birds
has been currellly observed ever since.
The unitarity of war mutatian control
try. The price of a carrier at Harry
arrier from \$8.30 for an ordinary subject to \$250 or more for a prize winner
in a race.

Cost of Glass.

The cost of glass would be much cheaper if it were not for the great amount of breakage in the manufacture and transportation of the article.

Gold as Medicine.
To the ordinary uses to which gold is put the natives of India add one that is somewhat curious. According to the buillion report of Messrs. Samuel Montagu & Co., gold in the form of thin leaf is swallowed in India for medicinal purposes.

Ash Wednesday.
The earliest Ash Wednesday
eb. 3 in the year 387 A. D.

Turnips.

When turnips are young wash them off carefully and boil without peeling. You will find the thick rind will cook as tender as any part of the vegetable and the flavor will be much improved.

Persian Wessen.

With the Persian one cannot discuss his women folk. To sak a Persian about his wife is r. grave breach of edigenter. The most you can do is to sak about the "mother of his son." If he has only daughters he will he has only daughters he misconit to be suffered in silone's.

Lemon Juice.

Lemon juice with hot water forms an excellent liver corrective. Stout people, especially, will find it extremely valuable. It should be taken before breakfast every morning.

Mount Marcy.

The highest point in the state of New York is Mount Marcy, as Adirondack peak which rises 5,844 feet above was level, according to the United States geological survey.

The average or mean elevation of the state is estimated at 900 feet.

A Weighty Title.

The chairman of the canary bird group of an ornithological society in Germany rejoices in this title which ornaments his visiting cards, Kanaricavegelauchtrerelaworstand.

Insanity on the increase.

The insane asylums of all civilized countries are now overburdened with pittents as never before. Dr. T. B. Hyslop of Londos, a leading brain specialist, predicts that in fifty years half the world's population will be insane.

A Korean Custom.
On the last day of each year the Korean throws out of his house straw image of a man, which is said to carry sins and bad luck with it.

When a bon is made sick eating too freely of grass she lays what are known as "grass reggs." Grass eggs are poor stuff. They have an unpleasnt favor, and the yolk wabbles around in a weak and watery white and is green and dull in color.

Trial Trips.

In order to gauge her average speed a vessel, when on her trial trip is made to run four times over a measured mile—twice with and twice sgainst the tide.

Mine Fires.
Chemicals are more effective in fighting mine fires than water.

There are no native industries in the Belgian Kongo.
